NON-ATTENDANCE PROCEDURES

The following process is used to record and address student non-attendance:

- Electronic recording of attendance/absence is conducted using the SEQTA attendance system.
- The school contacts parents early each school day via text message to follow up unexplained school absences, requesting parents to make contact with the school to explain a student’s absence.
- Parents are requested to send a written note to acknowledge the days that their child was absent.
- Prolonged periods of absence are brought to the attention of the Principal by the child’s class teacher. This is then followed up by a member of the Leadership team.
